2.0 Vendor/Product Guidelines

PRODUCER

2.1 FARM FRESH PRODUCTS: Fruits and vegetables, herbs, flowers, nuts, honey, plants, nursery stock, eggs, poultry, meats, fish, shellfish and wine. No CBD or cannabis allowed. **All fresh farm products must be grown in Washington State and all products grown or produced in Chelan, Douglas, Grant, or Kittitas Counties will be given priority to sell in Wenatchee Valley Farmers Market**, however WVFM takes into consideration all products grown in Washington State.

2.2 CRAFTED FARM PRODUCTS: Producer based crafts will be allowed based on the WSFMA guidelines for crafters with the additional restriction that the majority of the materials used by the crafter to produce their craft must be grown, foraged and produced by the vendor on the vendors own farm. Examples may include, but are not limited to: bouquets, wreathes, roping, arrangements and dried flowers, vine and woven wood baskets and other wild craft. Beeswax candles are to be sold by honey producers only.

2.3 NURSERY DEALER: The vendor must propagate all plants and flowers from seed, cuttings, bulbs or plant division. According to WSDA rules, any person who handles or sells more than \$100 annual gross in horticultural plants is considered a "nursery dealer" and is required to have a license for each place of business where horticultural plants are sold. Selling cut flowers does not require a nursery dealer license.

2.4 WILD MUSHROOM COLLECTOR: Wild mushrooms may be sold at the Market. A vendor must receive specific authorization from the Board. Authorization will be specific for, and must be obtained for, each variety of mushrooms to be sold. Permits must be shown if mushrooms were harvested on Forest Service property.

PROCESSOR

Processed foods must be produced from raw ingredients and where possible from ingredients grown by the vendor and/or grown in Washington State. Vendors in this category are those who have cooked, canned, preserved or otherwise treated the product they sell, and must have proper permits and licenses as required by the Chelan-Douglas Health District and WSDA. The Market must have the location of the certified kitchen on the processor's application.

- Processors that make alcoholic beverages must meet the WSFMA guidelines and the WA State Liquor Control regulations.
- Seafood vendor's products must originate from the greater Pacific Northwest, which includes Washington, Oregon, Alaska, and BC.
- Beekeepers that process their own honey do not need a Food Processors License, unless the honey has value added such as for creamed honey or lavender honey.

2.6 BAKED GOODS: Bakeries that sell more than 25% of their products wholesale must be licensed by the Department of Agriculture as Food Processors. For those who sell less than 25% of their products wholesale other Chelan-Douglas Health District requirements apply. All pastries, cookies, muffins, breads, pies, related take-home desserts, pastas, etc., baked goods and grain products must be produced in a State certified kitchen by the vendor from raw ingredients. Vendors in this category are those who have cooked, baked or otherwise treated the product they sell. No commercially prepared dough mixes, crusts or fillings are allowed. Fruits or vegetables used should come from regional farmers when available. All baked goods must have the proper permits and licenses as required by the Chelan-Douglas Health District. All products must be packaged before displaying or selling.

2.7 BODY CARE PRODUCTS: Body care products including but not limited to lotions, balms, creams, ointments, salves, sprays, scrubs, and fragrances are also referred to as cosmetics by State and Federal law and must comply with regulations set by both. Body care products must be made by the vendor and no commercial products will be allowed. Preference will be put on Processors that grow ingredients for their product or that buy ingredients from a WVFM farmer. No products with CBD or cannabis allowed.

OUTSIDE CORE COUNTIES

2.8 As part of the Wenatchee Valley Farmers Market mission to offer local products, applicants from the 4 core counties of Chelan, Douglas, Grant and Kittitas counties will have first consideration for membership. As of the 2017 season however, the WVFM is offering the same membership benefits to those vendors outside the core counties with a desired product not available within the 4 core counties.

OTHERS

Vendor must be an active owner/operator of the business and may not operate under a franchise agreement. Upon approval of the Board, these vendors may also offer packaged foods that they do not process. Such non-processed items are specifically limited foods that are sold as part of a meal so as not to compete with locally handmade processed items. Prepared food vendors shall possess and maintain all required State, County and local permits, including a certificate of insurance.

Concession Vendors may begin selling prepared food 30 minutes before the official beginning of the market, as a service to keep customers in the market and out of the way of vehicles until the market opens.

2.10 ARTISANS: Products of original art or craft work, which the vendor produces. Products must be of the highest quality, handcrafted, and not imported. All crafted products must be hand-made in the State of Washington. No imported or manufactured products will be allowed to be sold at the Market. All artisans must have their work juried by the Artisan Committee. Items must be of quality craftsmanship in design and technique, must be original artwork, not from a kit. Items to be sold must be made by the Artisan and not by others. Artisans who sell bath, body or essential oil products must have liability insurance. Space allotment is based on the jury committee authorization.

Representatives must have signed the handbook rules before being allowed to vend.

The Wenatchee Valley Farmers Market reserves the right to prohibit any vendor from selling any product it deems does not meet the foregoing criteria. (No commercial items, no imported items, and no second hand items.) **See 11.0 Vendor Inspections.**

The Wenatchee Valley Farmers Market has the right to inspect a vendor's farm, workshop, or certified kitchen to verify compliance with production or construction requirements for items sold at the Market. Representatives from the Market may inspect or visit any farm or establishments used by vendors. All visits will be conducted with at least a 24-hour notice.

2.12 GUEST VENDORS: Guest Vendors spaces are available to individuals who may be interested in becoming a member or have a product with a short season. 3.3 STALL ASSIGNMENTS:

- A. Non-Reserved stall assignments will be made by the Market Manager on a weekly basis. While it is the goal of the Market Manager to keep vendors in the same stall, **NON-RESERVED VENDORS ARE SUBJECT TO CHANGE** dependent on the needs of the Market; i.e., customer experience, flow, size of Market, special permits and licensing, or events.
- B. Reserved stall assignments will be selected using the following standards:
 1. Vendors must attend or send a representative to both the Fall and Spring Vendor Meetings prior to the season they wish to reserve their stall. **(this update will affect the 2023 season)**
 2. Vendors must pay a reserve fee on or before the Spring Vendors Meeting.
 3. Following the Spring Meeting, all vendors who have paid their reservation fee will select the general area of choice in a closed meeting.
 4. The vendor with the most seniority points in the market will have the first selection followed by vendors in order of their seniority. A map of the market will be provided and stalls filled in as they are chosen. Seniority is determined by using the WVFM records and rules as outlined in section 3.4 – Seniority Point System.
 5. When the market is smaller in size, the reserved stall vendors will be placed as close to their chosen stall site as possible.
 6. When a non-reserved stall vendor is placed in a stall that is a reserved space (the reserved vendor is not in the market or not vending that day), they will be told that their location is temporary because it is a reserved spot.

3.4 SENIORITY POINT SYSTEM:

- **Years in the Market:** One point for each year as an “active vendor.” “Active” is defined as 8 or more sales days in the Market the previous year. You must sell at 8 markets every year to maintain seniority.
- **Seniority Points:** Seniority points are used to determine the order of reserved stall selection and are based on the number of sale days in the Market from the previous year(s).

- The Board will consider case by case if a Farmer experiences a Natural Crop Disaster. If the Farmer has nothing to sell for the current Market Year, they will not lose Seniority points and their Membership Fee (if already paid) will be carried forward to the next year.

The Board Considers the Good of the Market to be:

- Minimum criterion and point system (as above).
- Quality & Quantity.
- Attendance Commitment (preference for full-time commitment).
- Attendance Record.
- Stall Preference.
- Current Sales.
- Product Compatibility

Seniority points and individual sales records are considered proprietary information, and shall be kept confidential (to be viewed only by management and the President of the Board of Directors).

3.5 RESERVED VENDORS (Saturdays)

All Vendors with reserved stall spaces must be at the market site by 7:00 AM and be ready to begin selling when the Market opens promptly at 8:00AM. Reserve Vendors who arrive after 7:00 AM will forfeit their reserve space and will be considered on a first come first serve basis with the Non-Reserved Vendors. Come early and avoid the confusion. 3.8 STALL FEE PAYMENT: When making payment a receipt will be issued. Fees may be paid by cash or check (upon approval of the Market Manager). No Tokens will be accepted as payment. 3.10 PRODUCTS AND/OR SERVICE ORDERS: Vendors that take product or service orders at the Market shall report these as part of the gross sales, and pay appropriate fees on the day or week they receive payment for the product or service. **If the Market is used only as a pick-up point for orders solicited or taken from the vendor's farm or elsewhere, then no fees will be assessed, provided the vendor is selling at the Market on the day the order is picked up.**

3.11 EDUCATIONAL/NON-PROFIT/COMMUNITY GROUPS: These groups may be granted a stall at a fee of \$6.00 per Market on a revolving basis. The market will have 4 stall spaces available and will be assigned by the Market Manager to rotate groups into the market. They will not be allowed to sell products in the market, they will provide information only. They must fill out an application form and comply with the same rules as regular Market Vendors.

3.12 ENTERTAINMENT: Entertainers may be granted free space by the Market Manager if space is available. All entertainment performed in the Market requires that an application be submitted to the Market Manager for his/her consideration prior to performing in the Market. Vendor displays may not extend beyond the designated line demarcating the aisle way boundary of the vendor's stall space. **All Food Products must be stored at least 12 inches off the ground.** No food products may be stored or sold off the ground or tarps. Vendors shall not leave their stall(s) unattended during open hours. Vendors are required to stay until closing unless they have received permission from the Market Manager. Vendors will load up unsold merchandise, clean area/booth/stall used, and vacate the Farmers Market site no later than (1) hour after the Market is closed. Any exceptions must be cleared with the Market Manager. Exceptions will be made in the case of emergencies.

4.10 SELLING OUT: If a vendor sells out of their product before the end of the Market day, the vendor MUST post a "SOLD OUT" sign if they wish to leave their stall. Vendors may not pack up and leave. Any exceptions must be cleared by the Market Manager.
